SBASHK marks October 5 - International Teacher's Day

Through a press conference SBASHK has started activities to celebrate October 5 - International Teacher Day.

It was this moment when SBASHK through electronic and written media addressed a congratulatory message to Kosovo's teachers and the whole world's teachers, while a specific reminder goes to Kosovo's institutions once again that they should do more in supporting teachers in their human mission.

Also today SBASHK publicly addressed to Government and other State institutions to engage more in fillin the legitimate requests of education workers and improving working conditions in schools.

Part of these activities are also an artistic program dedicated to the 5th of October at Pristina Green School. This celebration had brought together students, teachers, parents and veterans of education. SBASHK's activities for October 5 will continue on October organizing meetings with education workers in Kosovo municipalities.
