EUROPEAN SECTORAL SOCIAL DIALOGUE IN EDUCATION WORK PROGRAMME FOR 2014-2015

BACKGROUND: The European Sectoral Social Dialogue in Education (ESSDE) was launched in 2010, under the Articles 154-155 of the TF-EU Treaty. This came after four years of initiation and start-up processes carried out by the ETUCE and from early 2009 onwards, together with EFEE. The first meeting of the ESSDE was in June 2010.

The context for the 2014-2015 joint Work Programme

The European social partners in Education continue to be concerned about the current economic and social situation in Europe that remains critical; we want to continue to focus our joint work on topics that have sufficient common ground for discussion and for initiatives with a clear added value for cooperation at European level. We wish to contribute to the improvement of the quality of education in Europe thereby focusing on the modernisation of the education sector, its managements and its teaching personnel. In all our work we need to keep in mind the gender equality principle.

The European social partners in Education will consequently continue to keep in close and frequent contact to ensure that where it is appropriate to do so they lobby the European Commission and other organisations jointly.
